Guaranteed.

# TAPS

Contemporary	56
Classic	61
Traditional	63

iflo has developed a stunning range of solid brass taps to suit the most demanding of bathroom requirements. iflo taps are available in an extensive range of designs spanning contemporary, classic and traditional styles in a selection of sizes and formats. Options include basin taps, bath taps, monobloc mixers, bath shower mixers, and bath fillers... iflo is designed to last, you can simply fit and forget.

- All iflo taps carry an unbeatable 15 year guarantee\*
- All iflo taps meet the water fitting regulations
- Every iflo tap is air and water pressure tested to the requirements of BS EN200. Use our key search and minimum bar pressures by each tap to help you get the right tap for the job.
- iflo's stunning range of taps are available in contemporary, classic, and traditional styles
- All iflo taps are made from solid brass and are chrome plated to a highly durable thickness of 0.15µm (plating conforms to BS EN 248), beware of cheap taps that simply won't last!
- iflo bath fillers have a standard centre distance of 180mm to aid installation

\*Compared to brand leader at time of going to print

## System key

0.1-0.9	Suitable for High & Low Pressure System (Gravity-Fed, Unvented Systems and Combination Boilers)
1.0 +	Suitable for only High Pressure System (Unvented Systems and Combination Boilers)
